

Best Buddies Transition

Team Survival Scenario

This activity goes along with the Best Buddies Transition, Service Day Template.

Read through the following scenario:

Your work team earned a trip as a reward for exceeding your sales goals last year. The entire team boarded the S.S. Friend Ship for a relaxing weekend at sea. While aboard, you encounter a bad storm. The Friend Ship, half sank and the other half made it to a nearby island. You and your team are now stranded with very little supply, in the middle of the Atlantic Ocean.

As a team, you need to choose twelve of the most useful items to help you survive on the deserted island. First, each person individually must write a list of 12 items down on a piece of paper that you would individually like to have for survival.

Next, work as a team to create a master list of items you have chosen to keep. Each team can only have 12 items total and this list will have to last you a total of 6 months.

Rate the items on the list in order of most important. One being the most important, twelve being the least important. Discuss as a team how you came up with your list and why each item is important for survival.
