Identifying Advocacy Opportunities

This worksheet will help ambassadors identify their goals as an advocate and steps to take to become the public speaker and self-advocate they hope to be. By identifying strengths, challenges, and resources for support, ambassadors will be better able to identify how to advocate for not only themselves as empowered public speakers, but on behalf of organizations, populations in need, and for causes close to their heart.

What are my strengths as an advocate?

In what areas do I hope to improve as an advocate?

--

How can I grow my opportunities as an advocate?

Who can help me find speaking opportunities? How can I make my skills known in the community? How can I improve my opportunities to speak?
