Goal Setting Worksheet
Best Buddies International

Setting Goals
The overarching goals behind every Best Buddies chapter are to encourage members to embrace connections with their peers, engage the school community in fostering inclusion and empower members to be leaders by advocating for themselves and others. Beyond that, it is important for each chapter to identify goals that are specific to their school community. Using the framework below, work with your chapter leaders to develop SMART goals for your chapter.

1. What do you want to accomplish?
2. How will you track your progress?
3. Why is this a realistic goal for you at this time?
4. What purpose does this goal serve for your chapter?
5. When will this goal be achieved?
