Message From Our Chairman

Dear Best Buddies Family,

As we reflect on 2024, I am filled with immense pride and gratitude for the incredible progress we've made together in building a more inclusive world for individuals with intellectual and developmental disabilities (IDD). This year marked a major turning point for our organization, as we deepened our impact, expanded our reach, and launched powerful new initiatives that will transform the lives of countless individuals and families for years to come.

One of the most significant and impactful initiatives of 2024 was the introduction of Best Buddies Family Support, our fifth mission pillar. This program is designed to provide families raising children with IDD access to mentors and meaningful connections, critical resources, and a strong community of support. To officially announce this launch, I had the honor of joining Best Buddies Global Ambassador and Today Show host Savannah Guthrie for a live interview on NBC in May. Together, we introduced the world to Eunie's Buddies, our new initiative supporting families and caregivers and I could not be prouder of what this represents for the future of inclusion.

This year also brought extraordinary momentum from our corporate partners, whose generosity and commitment to our mission elevated our work on every level. Best Buddies and the global iconic brand The Coca-Cola Company entered a five-year partnership, with the company becoming the "Official Beverage Partner" of Best Buddies through its BODYARMOR and Coca-Cola brands. Their \$1 million grant will allow us to grow our supported employment program and place participants with IDD in meaningful jobs.

Our partnership with Jersey Mike's Subs also reached new heights. In just two days, their nationwide campaign raised \$5.3 million to benefit Best Buddies! Their continued investment in inclusive hiring supports our work toward an ambitious goal: 3,000 job placements for individuals with IDD over the next 5 to 7 years.

Thanks to your support, 2024 has proven what is possible when community, commitment, and compassion come together. We are not only changing lives, we are building a sustainable movement of inclusion that empowers people with IDD to thrive.

To our participants, families, staff, donors, and volunteers: thank you for your belief in this mission and for walking alongside us. We know there is still more work to do but with your continued support, we are rising to meet the moment.

Together, we are shaping a world where everyone is seen, valued, and included.

In Friendship,

Anthony K. Shriver, Founder, Chairman & CEO, Best Buddies International

Anthony K. Shriver, and Best Buddies participant Matt Davies at the 2024 Best Buddies Challenge: Hyannis Port, presented by Shaw's and Star Market Foundation and the TJX Companies, Inc.

Why We Matter

Society has made undeniable progress in improving the lives of individuals with intellectual and developmental disabilities (IDD). Yet, we still have a long way to go. Many people with IDD remain unemployed and do not experience the simple joys of genuine friendships and a significant portion of the IDD community still faces access barriers, pervasive social isolation, and discrimination.

This is where Best Buddies International plays a vital role as a model of inclusion and catalyst for change. Best Buddies is the world's largest organization committed to ending the social, physical and economic isolation that 200 million individuals with IDD often experience. For those within the IDD community, Best Buddies represents a pathway to forging lifelong friendships, securing gainful employment, achieving independent living and gaining the skills and confidence to advocate for themselves.

An estimated 84%* of adults (18+) with IDD do not have a paid job in the community. This is where the Best Buddies' Jobs program steps in. The Best Buddies Jobs program has participants employed full time who each have the potential to earn a total income upwards of \$1mm over 30 years and contribute \$250k in taxes back into the economy, rather than costing the government approximately \$750k each in Federal SSI and Medicaid support during that time period.

This is just one of the countless ways Best Buddies improves the lives of individuals with IDD while simultaneously improving whole-of-society outcomes. Through the cultivation of meaningful one-on-one friendships, the pursuit of integrated employment, the provision of inclusive living arrangements and the nurturing of leadership skills, Best Buddies is fostering a world that is full of opportunity for individuals with IDD.

Together, we can build a world where everyone belongs.

A Parent's Perspective

Mitch Holeve is a mentor in our new Eunie's Buddies program which offers families the support and resources needed to navigate the journey of raising a child with intellectual and developmental disabilities (IDD). Recently, Mitch was paired with Brent, a new dad just starting out on this journey. The two fathers and their sons, Garrett and Kai, had the chance to meet in person at MOD Pizza, where Garrett works in a job he proudly secured through the Best Buddies Jobs program.

"Supporting new fathers has been one of the most rewarding and humbling experiences I've had. I know from experience that the early days can be overwhelming and filled with uncertainty, questions, and emotions that you really did not expect. I also know that no dad should have to go through that journey alone, like I did 35 years ago with my son Garrett. Supporting new dads is not about me having the right answers; it's about offering empathy, encouragement, and connection during a time that can be a bit tough, and they may feel alone.

Every father deserves to feel supported, and every child deserves to have a father who feels supported—so that dad can do a great job.

As a father, having three grown sons has brought me the most joy. It is wonderful to see each one become his own man and contribute to society in a meaningful way. Watching them grow and enjoy their lives has been incredibly fulfilling.

In my view, individuals with intellectual and developmental disabilities bring their unique abilities and personalities to the world, each in their own way.

Becoming a mentor in the Eunie's Buddies program brings immense joy by allowing me to support another parent. I hope to share our family's unique and everyday experiences of raising Garrett. By sharing these experiences, we hope others will gain a little knowledge and a lot of optimism for their child's future. We also want them to know that their path, compared to ours, offers plenty of support and opportunities for their child to learn and grow."

One-to-One Friendships

Best Buddies offers people with IDD the chance to have a friend, gain self-confidence and self-esteem and share interests, experiences, and activities that many other individuals enjoy.

BESTBUDDIES. Elementary Schools, Middle Schools, High Schools & Colleges

Best Buddies offers students with IDD the opportunity to have a friend and enjoy common interests, experiences, and social activities in the Middle School, High School, and College programs. Each friendship pair commits to speaking and spending time together every week throughout the year. These programs create lasting friendships and help facilitate an environment of inclusion throughout the school and in the community.

BESTBUDDIES. Citizens

For people with IDD, the absence of meaningful friendships extends into adulthood. Best Buddies Citizens pairs adults with IDD in one-to-one friendships with adults without IDD in corporate and civic communities. Citizen buddy pairs commit to a one-year friendship in which they will talk once a week and see each other twice a month. These relationships commonly grow into friendships that last a lifetime.

e-BUDDIES.

This program creates social inclusion and friendships for people with and without intellectual and developmental disabilities (IDD) in a virtual space. Technology is an integral part of society and by participating in e-Buddies, participants can develop the skills needed to communicate across a variety of platforms.

Emma & Harrell

One-To-One Friendships

Souhegan High School,
Amherst, NH

For the past three years, the halls of Souhegan High School have been brightened by the presence of one extraordinary friendship. Emma and Harrell, now seniors, met when they were first-year Sabres at the school in Amherst and were matched in the Best Buddies program. Being matched in a one-to-one friendship has enhanced the high school experience for both Emma and Harrell. Emma explains that while many high schoolers worry about the opinions of their peers and whether they are “popular,” she feels that the bond she has with Harrell is more than enough to make her feel like she belongs.

Harrell lists off some fun things he and Emma have done together, including foosball, Candyland, popcorn with movies, petting horses, and bracelet making. His learning specialist, Katie, describes that Harrell’s communication skills and confidence have both blossomed as a result of being part of Best Buddies and having a friend like Emma to bond with. He is more apt to seek out close friendships now that he has experienced such a meaningful one with Emma for the past three years.

Emma and Harrell have had a lasting impact on their school’s chapter, constantly bringing their energy and positivity to meetings, from dance parties to unified basketball games. Emma tells Harrell, “You’re the reason I’m sad to leave high school!” Harrell reinforces those feelings calling Emma his best friend and encouraging individuals in New Hampshire and beyond to “join Best Buddies!”

“I love our friendship because I know Harrell will always be there.” - Emma

Integrated Employment

Best Buddies Jobs assists participants in finding meaningful employment, earning a competitive income, receiving benefits, and working alongside others in the community. The program offers people with IDD the opportunity to become financially independent, removing the need for government assistance or parental support. A focus on competitive, professional opportunities is what sets the Best Buddies Jobs program apart from other employment services.

BESTBUDDIES. Jobs

Best Buddies Jobs furthers the integration of people with IDD into the community through supported employment. The focus is on facilitating competitive, integrated job placements that allow participants to earn an income, pay taxes, and work in an environment alongside their peers in the community, leading to full inclusion and independence. Coaching is provided in essential job interviewing skills, and once employment is secured, there is assistance with on-the-job training.

The Jobs program prides itself on developing employment opportunities in professional environments and focuses on white-collar jobs such as receptionists, mail room assistants, file clerks, office assistants, front desk assistants, and retail associates. Employers range from some of the top law firms and talent agencies to well-known retail businesses and luxury hotels.

Jeet

Integrated Employment

Ally Financial

Chicago, IL

Jeet Dave was diagnosed with Autism during his school years and was placed under a partial IEP program. Before becoming involved with Best Buddies, he began pursuing an associate degree in Accounting at Oakton Community College with support from the IEP program. During this time, he experienced feelings of insecurity and concern about securing a job in accounting. It was around this period that he was introduced to Best Buddies through Ms. Eileen Morrison.

In his final year of college, Jeet started working with Best Buddies to find a job in accounting. Initially, Best Buddies connected him with a position as a merchandise associate at a large retailer. He continued working with the organization to achieve his long-term goal of securing an accounting role. Simultaneously, he found an office assistant job at the office of a family friend. Recognizing the importance of stability, he decided to pursue a full-time office position that could support his disabilities and offer future career growth.

“Best Buddies worked hard to find me a job and provided accommodations throughout the hiring process in support of my disabilities,” said Jeet. “My life improved, not only economically but mentally and socially.”

Ultimately, Jeet was hired at Ally Financial with the assistance of Best Buddies and over two years of office work experience.

“The part I love most about my job is that my colleagues are very nice, friendly, and cooperative,” said Jeet. “I feel secure and safe in my work environment and, my job gives me opportunities to be social and continue advancing my professional skills.”

With a stable job and a steady income, Jeet has taken on personal financial responsibilities, including credit card payments and other necessary expenses. Looking ahead, he envisions getting married and starting a family.

“ I feel secure and safe in my work environment and, my job gives me opportunities to be social and continue advancing my professional skills.” - **Jeet**

Leadership Development

Best Buddies educates and empowers people with and without IDD to become leaders, public speakers and change agents. Through the Ambassadors and Promoters programs, participants inspire their communities to build a more inclusive world for people with IDD.

BESTBUDDIES® Ambassadors

Best Buddies Ambassadors is a program that provides training for participants with and without IDD in speech writing, public speaking, and self-advocacy. Ambassadors develop the skills to share their life stories, promote Best Buddies programs, network, and, most importantly, advocate.

Ambassadors participate in trainings focused on the art of public speaking and advocacy. Once trained, they share their stories and become more involved and empowered as citizens. Ambassadors are encouraged to speak about opportunities for people with IDD, present at recruitment fairs and Best Buddies events, and develop partnerships in the community.

BESTBUDDIES® Promoters

Best Buddies Promoters empowers youth to become advocates for people with IDD by organizing and attending special events that promote inclusion. Students attending a school without a special education program can join a Promoters chapter to develop connections with people with IDD or can start one by contacting their local Best Buddies state office.

Each Promoters chapter is led by a chapter president from the student body and a faculty advisor and is assigned a Best Buddies staff person who offers regular support and guidance. Once formed, Promoters chapters host events, activities, and fundraisers where they advocate for people with IDD, and promote the Best Buddies mission.

Kiontis, Best Buddies Global Ambassador

“ We don’t need magic to change the world, just us. Why wait to change? Why wait to be a leader? I don’t care if the whole world is against or teasing you; know what you want and go get it.” - **Kiontis**

Kiontis

Leadership Development

Global Ambassador

My name is Kiontis Gallion, also known as Kid Autistic, and I am proud to call the great state of Wisconsin my home. My journey began at West Allis Central High School, where I faced many challenges—loneliness, bullying, and a search for belonging. For a long time, I struggled to see my own worth.

But then, something remarkable happened. A teacher saw in me what I couldn’t yet see in myself—my potential to help others. She encouraged me to step outside my comfort zone and join Best Buddies, an organization dedicated to fostering inclusion and friendship. That decision changed everything. The unexpected happened: I became the chapter president. This role gave me a sense of purpose, expanded my circle of friends, and helped me realize something profound—my autism is not a disability but a special ability.

At the end of the day, real change begins with our mindset. As Michael Jackson once said, “If you want to make the world a better place, take a look at yourself and make that change.” Change is not about waiting for the perfect moment—it’s about taking action now.

Anthony Shiver reminds us that we are not defined by limitations but by our strengths. Every person in this world has a unique gift, a talent meant to be shared. We don’t need magic to make a difference; we only need the courage to be ourselves. So why wait to be a leader? Why wait to step into your greatness? No matter how many obstacles stand in your way, know what you want and go after it. We are the world. We are the children. We are the ones who can make a brighter day, so let’s start giving.

Never give up on your dreams just because someone says you can’t achieve them. You have an incredible gift—let it shine. Stars don’t shine because they seek attention; they shine because that’s simply what they are meant to do. The same is true for you. You have the power to use your voice, to inspire, to motivate, and to create change. The more you believe in your dreams, the more they will become reality. Because bold is beautiful—and bold is you. You are a champion in your own domain, capable of making a lasting impact in this world.

Inclusive Living

Supporting and empowering individuals with IDD to live as integrated, contributing members in the larger community is the next frontier in the movement to create a more inclusive society. Best Buddies Living fosters a dynamic environment where people with IDD can learn, grow and thrive.

BESTBUDDIES[®] Living

The Best Buddies Living program encourages people with and without IDD to live together in a vibrant community that focuses on supporting residents in accomplishing their life goals and dreams.

The Best Buddies Living program supports inclusion by:

- Developing programs that foster an opportunity for residents to experience living with friends and colleagues. Programs include weekly shared meals, fitness classes, cultural events, holiday parties, social activities, and sports.
- Offering an environment that encourages the development of independent living skills, life-changing relationships, and educational pursuits in connection with a college or university. Through an affiliation with a nearby school, all residents can immerse themselves in campus life, attending sporting events and enjoying fitness and dining facilities alongside their student peers.
- Matching people with and without IDD in a residential experience, and providing a supportive environment that encourages full-time or part-time employment.

Yvenie, Best Buddies Living resident

Yvenie

Inclusive Living

Best Buddies Living Resident Los Angeles, CA

For Yvenie Joseph, becoming a resident of Best Buddies Living in Los Angeles has been truly life-changing. Before joining the program in January 2024, she faced immense challenges—moving from place to place without family support, struggling with her mental health, and ultimately living in a homeless shelter. She longed for stability, independence, and a place to call home. Best Buddies Living provided her with exactly that and more. Now, for the first time in her life, she has her own room, a steady job, and a supportive community that empowers her to thrive.

“I joined the program in January, and before Best Buddies, my life was a rollercoaster,” Yvenie shares. “I was living in a homeless shelter, struggling with my mental health, and constantly moving with no family support.”

“Best Buddies gave me a stable place to live and helped me get back on my feet. This is the first time I’ve ever had my own room. Now, I have a stable job and understand the responsibilities of being an adult. I’ve learned how to be responsible and make sure my bills are paid. I’ve learned how to budget and save money.”

One of Yvenie’s favorite aspects of Best Buddies Living is the weekly group dinners, where residents come together to share meals and connect. “There are so many different personalities, and at first, I was nervous to talk. But over time, I’ve learned to embrace everyone,” she says. “I also feel a sense of peace at home with my roommates. The weekly meetings and group dinners encourage personal growth and provide a strong support system.”

For others with intellectual and developmental disabilities (IDD), Yvenie hopes to inspire confidence and self-acceptance. “I want people with IDD to surround themselves with those who understand their disabilities. You shouldn’t feel bad because of your disability—you can still achieve all your goals and dreams.”

“ Best Buddies gave me a stable place to live and helped me get back on my feet. This is the first time I’ve ever had my own room.” - **Yvenie**

Best Buddies Family Support offers families the support and resources needed to navigate the journey of raising a child with intellectual and developmental disabilities (IDD).

Eunie's **BUDDIES**.

Eunie's Buddies serves as the pioneering program within the Family Support initiative. It is named affectionately in honor of Eunice Kennedy Shriver, founder of Special Olympics and a true hero who advocated tirelessly for positive change in the lives of individuals with IDD.

Eunie's Buddies pairs experienced parents of a child with an IDD with new parents who are expecting, have just welcomed a baby, or are raising a child up to the age of eight years old who has been recently diagnosed with an IDD. This pairing creates a mentor-mentee connection and friendship. Eunie's Buddies provides a framework offering parents and caregivers encouragement, emotional support, and valuable resources. Participation in Eunie's Buddies helps families pave the way for a child with IDD to have an education, gainful employment, and a fulfilled life.

Family Support

Eunie's Buddies Mentee and Mentor Miami, FL

"I joined the Eunie's Buddies program while searching for more support, especially from people who just get it. My mentor Tata and I were matched almost immediately, and I still remember our first phone call — it lasted almost two hours! Although she's in Florida and I'm in Washington State, with a three-hour time difference, we hit it off right away.

Since joining Eunie's Buddies, life has felt less lonely. It has been more supportive, more loving, and more positive. Even my perspective has started to shift, and honestly, it's all because of this incredible woman who is so uplifting and full of positivity!

Taking the first step is always the scariest, but Eunie's Buddies has got you. You can feel confident knowing they will match you with someone who truly has your best interests at heart without you having to over-explain why your journey is more challenging. You can do this." — **Nikki Rhoades**, Mentee, Eunie's Buddies

"Eunie's Buddies has had a profoundly positive impact on me, allowing me to share, relate, and connect with another mother going through the same experience. It provides a sense of companionship and reinforces the idea that it truly takes a village to raise a child.

My first connection with Nikki was an instant connection and it felt as if we were speaking the same language, understanding each other's emotions without explanation. In many ways, our children are the true mentors, and we, as parents, are the mentees, learning and supporting each other along the way.

Eunie's Buddies has created a space where families of children with different abilities can come together to form the village we all need. A village of connection, support, understanding, and shared experiences. It's a learning journey, and the best part is, we don't have to do it alone." — **Tata Yanguas**, Mentor, Eunie's Buddies

“Eunie's Buddies has had a profoundly positive impact on me, allowing me to share, relate, and connect with another mother going through the same experience.” — **Tata**

International Programs

In 2024, the newly formed International Programs and Incubator Teams set out to strengthen global Best Buddies operations through expanded funding opportunities, strategic guidance, social media support, and training. Their primary goal was to deepen the impact of country programs by aligning efforts and resources, especially in areas of employment programming, operational development, and donor engagement.

Over the year, the team made significant strides. On the funding front, they secured major U.S. State Department grants—\$100,000 for Korea and \$250,000 for Russia—and began cultivating direct relationships with the State Department beyond the formal application process. Corporate partnerships with JLL and Colgate-Palmolive remained strong, while new global funding conversations were initiated with the MAPFRE Foundation. Expansion plans for the Middle East were solidified with new funding secured to launch Best Buddies UAE in 2025.

Strategically, the team developed a revised Intellectual Property (IP) Strategic Plan to guide countries by development stage, and created a business plan template to help countries explore launching Best Buddies Jobs. Operationally, they introduced new IP systems, enhanced alignment through quarterly team meetings, and worked closely with the Incubator Team to support growing programs. They also contributed to key events, including the Best Buddies Board of Directors meeting in Madrid and thought leadership engagements with IAAPA and Colgate.

In 2024, the Jobs program continued to operate actively in Brazil, Chile, and Colombia.

Looking ahead, 2025 will mark a new chapter as the International Programs and Incubator Teams merge to form the International Programs and Development (IPD) Department. This unified team of seven will begin the year by auditing all 45 country programs to assess needs and priorities. They will also conduct a benchmarking study with peer nonprofits to shape strategy and best practices. Key goals for 2025 include improving data systems, launching an online training platform (BUDs), expanding funding streams, enhancing compliance and reporting, and increasing international representation at the annual Best Buddies Leadership Conference.

EKS Day

Created in 2010, Eunice Kennedy Shriver (EKS) Day serves as a unique opportunity to celebrate her legacy, indomitable spirit and life-long commitment to people with intellectual and developmental disabilities (IDD). Even during a time when society did not, Eunice Kennedy Shriver believed in the abilities of people with IDD and led the effort to end the physical and social isolation they endured. EKS Day promotes a global call for individuals to commit to actions of change, inclusion, and acceptance for people with IDD. Across the United States and in 100 countries, EKS Day is celebrated with love, justice, faith, hope, and courage – her five key values. Activities included sports clinics, picnics, leadership trainings, and disability rights awareness efforts.

March Best Buddies Month

What began as a one-day celebration of the Best Buddies mission evolved into a month-long festivity to reflect on the importance of inclusion and acceptance for people with intellectual and developmental disabilities every March. In 2023, the celebration began with the annual *Spread the Word: Inclusion* campaign that encouraged participants to showcase how they promote inclusion in their communities. Throughout the month, participants hosted virtual chapter parties, awareness activities, and engagement campaigns to honor their unity in advancing opportunities for friendship, employment, leadership development, and inclusive living.

Arizona Year in Review

This year has been marked by meaningful connections, increased awareness, and impactful programs and events that have enriched the lives of individuals with intellectual and developmental disabilities (IDD). In doing so, Best Buddies in Arizona (BBAZ) fostered more inclusive communities.

Our Friendship program in 56 schools across Arizona reached 1,500 youth, with 209 one-to-one friendship matches. BBAZ also opened new friendship chapters in two new middle schools. The Citizens program, our adult friendship program, supported 122 members with 29 one-to-one friendship matches. This year the Pre-Employment Transition Services (Pre-ETS) program provided training for over 70 young adults from 23 Arizona schools. Our Jobs program placed eight new individuals and continued to cultivate 19 employees with IDD in competitive and integrated employment with companies who see the value in hiring someone with IDD. The Leadership Development program provided trainings for 17 Ambassadors who acquired skills to self-advocate and, in turn, build the confidence to lead a happy and full life.

The incredible funds raised through our two signature events, the Friendship Walk and the Champion of the Year Gala, have been critical to Best Buddies in Arizona providing this lifetime of inclusion for people with IDD. In the Spring, our Friendship Walk raised over \$139,000 with over 1,000 participants coming together as an inclusive community. This year's Champion of the Year Gala reached new heights, culminating in a record-breaking moment as Kendra Verdoni was crowned Champion of the Year. Kendra, alongside her mission partner Harrison and Campaign Manager Courtney Mistico, raised \$138,755—the highest amount ever achieved by a Champion of the Year candidate in Arizona's history. With eight dedicated Champion candidates and 350 guests, the event raised over \$374,000, making it the 5th top fundraising gala in the country!

We ended the year by remembering everything to be thankful for at our 3rd annual Friendsgiving event. Program participants, families and staff enjoyed a delicious meal together, as new friendships were formed, and old friendships were made stronger.

On behalf of our Advisory Board, Junior Advisory Board, and the staff at Best Buddies, I would like to thank our generous sponsors, volunteers, and selfless donors for their support. As we step into 2025, we're excited to build on the momentum generated by the success of our programs and events in 2024.

Chloe and Lucy, Friendship program Buddy Pair

Chloe & Lucy

One-To-One Friendships

Higley High School, Gilbert, AZ

Higley High School is one of Arizona’s largest Friendship program chapters. Yet Chloe and Lucy’s friendship stands out. Their relationship truly embodies our mission. They became friends naturally. They had an art class together, where their friendship began to form. Chloe started inviting Lucy to things outside of school, like going to the movies or the mall. A staff member noticed their natural connection and told Chloe about Best Buddies. She knew Best Buddies would take their friendship to the next level, so Chloe decided to join Best Buddies since Lucy was already involved. Lucy and Chloe were officially matched! Now they had more time to hang out both inside and outside of school. “I like to do everything with Chloe because she’s fun. I enjoy spending time with her at lunch parties and outside of school”, Lucy said. Their friendship is a great example of a natural friendship that became something more because of their Best Buddies connection. Higley’s chapter advisor said, “Lucy and Chloe have an incredible bond of friendship that began organically and extends beyond Best Buddies.”

Together at the Higley High School Best Buddies talent show, the duo was able to show off their amazing singing voices and perform the final act of the talent show. During their performance all the earlier performers came on stage and joined them, ending the show with a powerful show of inclusion and friendship. Chloe believes that “without Lucy I wouldn’t have ever been a part of such a fun organization.”

Higley High School's Best Buddies chapter has changed the school for the better. They host a huge annual inclusion carnival and invite Best Buddies chapters from across the state to attend. This event also has an inclusion assembly the day before that kicks off the fun and gets the whole school involved.

Poco

Integrated Employment

Utility Worker Aramark – Arizona State University, Pitchforks Dining Tempe, AZ

Poco has been involved in Best Buddies Arizona for over 12 years, long before the Jobs Program existed. He discovered Best Buddies from a friend who invited him to the Friendship Walk, and he found his family. Poco had previously worked at a variety of jobs but joined the Jobs program in 2023 when he learned how it could offer long term support to ensure he remains a valuable member of the team. Poco is a people-person, so interaction was a vital component of success for his future job. “I really like to tell people about Best Buddies,” Poco noted to his Best Buddies Employment Consultant. “This organization has helped me so much and I want others to know how fun it is to make new friends!”

Poco and his Employment Consultant looked into the food service industry, led by the disability-friendly company Aramark, and found the perfect fit for Poco – Utility Services. In this role, Poco traverses the busy dining room filled with a diverse group of students, maintaining the area. Poco has been able to utilize his role to bring awareness of the Best Buddies mission. “I love to tell the students about our programs. I have made a lot of friends, and some of them are going to sign up to be in our Arizona State University chapter and come to our Friendship Walk!”

Poco gets to use his natural ability to speak to others and make them feel special; while also telling them how Best Buddies has enriched his life. Surrounded by a positive atmosphere and diverse people, he is thriving, and his employer consistently praises his contributions, emphasizing how invaluable he is. With his passion and positive spirit, Poco continues to make an impact and shows no signs of slowing down, making him a true asset to the team.

“This organization has helped me so much and I want others to know how fun it is to make new friends!”

Whitney, Best Buddies Ambassador

Whitney

Leadership Development

Ambassador, Arizona

Whitney's journey with Best Buddies began nearly 20 years ago, during her high school years. She vividly remembers the challenges she faced before joining her school's chapter.

"Before Best Buddies, my social life was tough. I had just started high school and didn't know anyone. For the first few months, I ate lunch by myself."

Encouraged by one of her teachers, Whitney joined Best Buddies, where she discovered her lifelong passion for the mission of inclusion. This passion later inspired her to join the Ambassador program, where she could share her story and empower others to advocate for themselves.

"I wanted to become an ambassador to share how I overcame my struggles and inspire others who may be going through similar experiences. I want them to know they aren't alone and that they have a friend in me."

In 2024, Whitney received the annual Spirit of Courage Award, recognized for her warm and caring spirit, as well as her tireless activism within Best Buddies.

"Joining Best Buddies has been life changing. Over the years, I've built countless meaningful relationships, and some of my most cherished memories have been made through this organization. The days of eating lunch alone are now a distant memory."

“ Best Buddies has made me feel like a leader and a star for being just as I am.” - **Whitney**
